Dear Ms. Winter,

My name is Joshua Schlesinger and I am writing you in response to Robert Green's Trademark Opposition Number 91207668. My partner, Trevor LeBlanc, and I filed for the Body Factory mark on May 4, 2012 Serial Number 85617221. We filed for the mark under the impression that the mark was dead according to the trademark database and Robert Green was no longer using the mark.

We are currently in talks with Mr. Green's attorney to attempt to resolve this dispute. We see no reason to drag this out as we are trying to grow our business into a successful smoothie and nutrition chain. Thank you for your time.

Best regards,

Joshua Schlesinger
